

MEMBRANE CLENZ C

PRODUCT DETAILS

Bianco NXT Hydrashield 'Clenz' is a specialised range of membrane care chemicals formulated to optimise system performance and extend membrane life.

The range includes Membrane Clenz A (acidic cleaner), Membrane Clenz C (alkaline cleaner) and Scale Clenz (antiscalant) for effective scale and fouling removal, while helping prevent future build-up.

APPLICATIONS

- Reverse osmosis (RO) membrane cleaning
- Ultrafiltration (UF) membrane cleaning
- Nanofiltration (NF) membrane cleaning
- Microfiltration (MF) membrane cleaning
- Removal of organic fouling and biofilm accumulations
- Removal of silt and particulate fouling deposits

FEATURES

- Alkaline membrane cleaning formulation
- Removes organics, silt and particulate deposits
- Effective against microbiological accumulations
- Suitable for low-temperature cleaning
- Helps improve membrane performance
- Helps extend membrane life and reduce replacement frequency

SPECIFICATIONS

PRODUCT TYPE	Alkaline Membrane Cleaner
DANGEROUS GOODS	UN1824 Sodium Hydroxide Solution
SUITABILITY	Ultrafiltration (UF), Reverse Osmosis (RO), Nanofiltration, Microfiltration
SPECIFIC GRAVITY @ 25°C	1.38 – 1.42
PH @ 25°C	11.0 – 14.0
PACKAGING	Plastic Container
NET VOLUME	25L

STORAGE

- Store in well-ventilated place.
- Keep tightly closed in the original container.

Active ingredients: Sodium Hydroxide 30-60%, Sodium Gluconate 30-60%, Alkyl Polyglucoside 1-10%, Citric Acid 1-10%, Disodium EDTA 1-10%

For more information, scan on-pack QR code for safety data sheet. Corrosive. Use appropriate PPE. Seek medical attention if exposed.
